

Location makes advertising work.

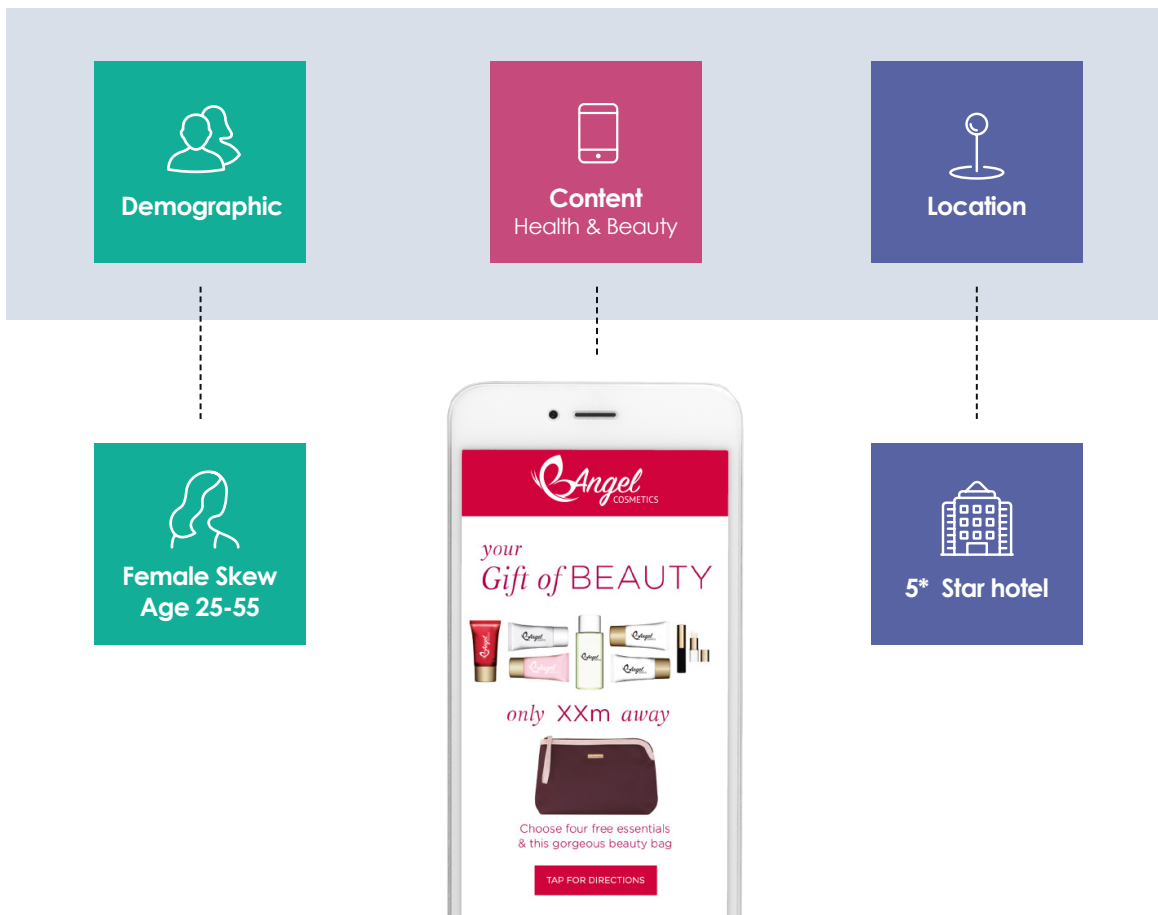

## Blis Audience

Target audiences based on location and contextual data

Enables brands to reach their target audiences in the right location and at the right time.

## Right Location, Right Time

Blis combines real-time location data, content and demographic data to build highly relevant audiences.

## Blis Audience enables brands to:

Apply location accuracy with contextual relevance.

Drive consumer engagement in real-time.

Maximise impact through audience targeting.
